## Player Bio

I am a 16 year old sophomore at Dexter High in Dexter, NM. I am a pitcher, but can play anywhere my team needs me. I have been playing softball since I was 4 and have been pitching since I was 6. I have two younger sisters who both pitch and I help to teach them whenever I can. I also play volleyball and basketball, but mainly focus on softball. I enjoy my free time with family and friends. When I go to college I would like to major in business management or anything business-related.
